SPACE PRESSURE SCORE™ — LIVE VIEW

Meridian Solutions Ltd

Sarah Okafor · Office Manager

91 / 100 — Lease expires in ~38 days

HOT

Vantage Group UK

James Whitfield · Facilities Dir.

74 / 100 — Expanding headcount +23%

WARM

Clearpath Consulting

Anna Berczeny · Operations Lead

48 / 100 — 90-day watch

WATCH

Sorted by urgency · Updated daily

01

Companies don't advertise when they need space.

They only move when the lease is almost up — and by then, three of your competitors have already called.

02

Generic tools weren't built for this.

Apollo has no lease data. VTS costs £40k/year and is built for landlords. CoStar ignores the outbound operator entirely.

03

Timing is

everything. Reach a company at 85 days before renewal and you're a strategic advisor. Reach them at 15 days and you're a last resort.
